

Remodeling Consultation for Contractors

We will help your clients by guiding them through the material selection process. As you know, there is an overwhelming amount of rapid fire design decisions that need to be made when renovating or performing new construction. We will guide your clients through this maze by assisting with the selection of colors, finishes, countertops, tile, cabinetry, decorative hard-

ware, electrical and plumbing fixtures, flooring and more. You may package our pricing into yours, or we can provide a proposal directly to your client.

By making sure all design decisions are made and details addressed, we will help keep your projects on time and on budget, while guaranteeing you have clients who are delighted with the end result.

We will take the pressure off of you and assist in coordinating the project at hand:

- **Renovation/New Construction**
- **Kitchen and Bath Design**
- **Additions**
- **Resourcing Materials**

We are sensitive to every contractor and their working relationships with their clients and vendors, and affecting a smooth collaborative process and outstanding result with each project we receive.

Serving the NY-NJ Metropolitan Area.
