

Remodeling Consultation for Homeowners

In order to ensure that all of your personal choices reflect the beauty and decorum of your new living space, we offer interior design consultations to integrate a wide variety of the style decisions you will be making.

With respect to project management, having products on hand when they are called for is an important aspect in moving the project ahead in an efficient manner. Having a professional decorator work with you on coordinating, resourcing and ordering these products is beneficial to your time constraints, will speed the job dramatically and guarantee a beautifully finished living space that reflects your own unique personality and lifestyle.

Some of your choices will include:

- Paint Colors
- Kitchen Cabinets, Backsplashes, Countertops, etc.
- Flooring (tile, wood, vinyl plank, carpet)
- Bath fixtures, Vanity, Mirrors
- Shower & Floor Tile
- Lighting

References provided upon request.

Testimonial

"Karen was a delight to work... She has an expert eye and yet was always considerate of my tastes. I would describe Karen's style as collaborative and she guided me to develop my own ideas. Quick decisions can be stressful, but Karen took control of the details and made the experience truly enjoyable."

—Sarah W., Morristown, NJ
